Experience

Student

Valluvar College of Science and Management

Jun 2021 - Present (2 years 4 months)

Student

Coursera

Aug 2023 - Sep 2023 (2 months)

Python for Engineers

CADD Centre Training Services Pvt Ltd.

Mar 2023 - Jul 2023 (5 months)

I'm an enthusiastic engineer who's really good at using Python for solving complex engineering problems. I've used Python to create helpful apps and tools that make engineering work easier. It's like using coding magic to make decisions and get things done in engineering. I'm excited to keep using Python to make engineering smarter and faster.

Education

Coursera

Web Development

Aug 2023 - Sep 2023

Valluvar College of Science and Management

Bachelor's degree, Computer Science

2021 - 2024

CADD Centre Training Services Private Limited

Engineers, Python

Mar 2023 - Jul 2033

I'm an enthusiastic engineer who's really good at using Python for solving complex engineering problems. I've used Python to create helpful apps and tools that make engineering work easier. It's like using coding magic to make decisions and get things done in engineering. I'm excited to keep using Python to make engineering smarter and faster.

Skills

3D Modeling • Pandas • SQL • Tkinter • Software Construction • Software Industry • Git and Github • Python (Programming Language) • C++ • Java
